

Anti-slip paper products with a proven technology

Tests		Units	Median Value	Tolerances	References
Paper weight		g / m <sup>2</sup>	450	+/- 10%	ISO 536
Thickness		µm	700	"	ISO 534
Burst Index		kPa.m <sup>2</sup> /g	2.8	Indicatives values	ISO 2758
Stiffness	(CD)	kN.m	1530	Indicatives values	"
Static rubbing ratio (*)	On Glass	°	50	Mini 45	NF Q 03.082
Static rubbing ratio (*)	On Glass	°	45	Mini 40	NF Q 03.083

(\*) Inclined plane method: inclined recycled paper, slipper pression 16 g / cm<sup>2</sup>

Printable, Recyclable, Suited to Food Contact.

The product preserves his properties of skid resistance for temperatures ranging between -30°C and +90°C.
